

The CABINET

LENDING A HELPING HAND

When SHARE bought the Knights of Columbus Hall in Milford to expand its food pantry and other services, The Cabinet was there to tell the story. During the months-long renovation and through the big moving day, we kept the community informed and supported the effort.

SHARE is one of many community based program, such as the Boys and Girls Club and Milford DO IT, that The Cabinet regularly supports and whose efforts are chronicled in these pages.

In these times, with many people are in need of a hand up, and we are here to help show them where to turn.

Connecting people in need with those who can help.

*No one can do it better
than The Cabinet.*
