

Mark Cookson

Any chance you can call me?

Just a quick question

Are u gone Thursday, 5th for that long Easter weekend

Just received a call from Ald Moriarty indicating he would prefer to have police overtime issue addressed prior to West Hollis St land purchase. I would suspect Donchess is of the same opinion. What would you like to do? Very possible it may be tabled again until police commissioners/Chief speak with us next wk.

Do you still need GIS access tonight?

It's set up if we need it.

Ok just wanted to be sure it was there if you needed it sounds like you took care of it

Dan Moriarty

Thanks for the call. I apologize for getting cut off. I have poor cell service where I live - maybe I should contact my ward alderman. I can follow up during the week re emergency action since I dont want to bother you every time something happens.

Estimated time of restoration midnight. Have a goodnight

Left you a vm re Romney event time sensitive...

Count me in for two.

Ok need names you and..

Rosemary Russell.

Thanks let you know details

Meet 530 Ymca lot close to riverside?

Will do

And afterwards I can swim at the Y.

John Griffin

John, what r the numbers for the uaw and afcme with a 1%?

Will send in a few minutes

Just thinking about if they both pass with the .5 2012 and 1% 2013 how much that leaves for police.. I think we have 279 contingency 2013 and over 150 for 2012..

We have 131K left this yr and 230K next year. Pd will need 67K this yr and 145K next yr. There should be enough funds for PD AFSCME and UAW.

Hmm you know pd # do you know uaw and afscme?

Afscme 15K this yr gen fund 45K next yr gen fund UAW 20

UAW 20K this yr 64K next yr

Thanks

Meeting over all items passed

Thanks

Nortons just got here

Ok.. Let me know if I can help.. Maybe I can swing in at noon or something ..  
If a sub shop is open I can bring subs or something let me know.. Cots work  
out well?  
Cots worked good  
25.5  
We'll keep at it but the snow and drifts are crazy  
Hope it stops at 1

Glad the cots worked. It was a good idea! The wind is making it impossible..  
Drifts in my driveway almost to the roof of my car!  
You still there?  
Yes  
Making progress but we'll be here a little while  
People are making a mess out there

We have massive banks on edge of road and corners  
I'm sure it's awful.. Not sure we can get people not to put there cars in the  
street while they clean their driveways.. I should have thought of mentioning  
that..  
Nothing you can do were working around them best we can  
I understand  
I told them you would have lunch for them at Street Dept at 2pm  
60 people

Will do.. You have drinks?  
Theres a soda machine  
Not empty is it? Have they had subs or Chinese since they started?  
Subs are fine  
Probably bring soda ad machine is likely empty

Have they had subs? Have they had Chinese?  
I told them subs  
I usually get pizzas and breakfast sandwiches but thats what they already had  
for this storm  
So subs would be a good change and thats what i told them they were getting  
But im sure they would jump at chinese

Thank you!  
Donna is answering phones at 4750 if you need help  
I'll have her get eating area ready which will be conference room

Buffet style  
Ok.. Going to see which thing can be accommodated.. Then decide  
See you at 2 with subs and soda

accreditation about their compliance with homeland security's

Thank you.. I can't attend I committed to another event where I am receiving  
a recognition and am speaking

How often do they have to do this?

Every 3 yrs I think.. I have their last report..

Look at this: <http://adoptahydrant.org> in reference to the sidewalk article  
in the paper today

(1/2)There are a lot of innovative maps to track clearing of hydrants and  
allowing people to volunteer to shovel a residents sidewalk that

(2/2)needs help

Was in a meeting with Sousa, sorry I missed your call. I'm available until

Have you talked to Lisa if about if snow emergency ending at 7 as planned or  
being extended?

Just want to make sure website stays up to date

I spoke with Roy I should have asked.. Hold on  
Lisa just responded and said ending at 7 still. I'll hold off on telling  
Justin to change it. Let me know  
I just texted Roy and Andy asked them to talk to you about that and web site  
updates..  
OK I'll give him a call  
Below is Andy's response i think Roy is down for the count! -----

I tried to call roy he did not answer snow emergency should end at 7 because  
we are not towing you anymore I can't think of anything that I need to tell  
Justin

Sounds good, its changed on web  
Thanks

City web is at a crawl.. Very bad day for that. Any thing that can be done?  
It has been this way since the storm. The server is fine, the internet line  
is completely saturated. We moved everything possible off of the T1. All  
web traffic today.  
Let me know what the fix is we need to make it happen.. It's not the  
bandwidth discussion is it?  
Unfortunately it is bandwidth. Town of this size should have moved off of a  
T1 years ago.  
Probably true.. However we have had significantly worse storms and not had  
this problem..  
More of a push of gis data now than before... coupled with the election....  
i will log in and see if there is anything else that can be redirected to  
maximize the bandwidth  
Got Fairpoint to go with one yr with 2 one yr options..  
Will be on next weeks finance agenda..  
Did you get your concerns addresses?  
Think so

Chief Seusing

Chief, such heartbreaking news.. Thanks for understanding how important it is  
to me to get the update.. You enjoy your weekend too. Donnalee  
You're very welcome . Talk with you next week.

Chief need to quickly touch base about a car registration problem we had today that your shop needs to be aware of before the end of day tomorrow could you call me?

Mayor, I have been told that the victims condition is better than we initially thought and expected to survive. Sounds like bullet missed vitals in neck.

Still searching for suspect at this time. Nothing more at this time. I'll call you in the morning with an update unless something critical happens earlier.

Some good news.. Thank you for the update

Yes it is. I will call you in the morning. Have a nice night.

Mayor , I am awaiting an update and will call as soon as I get it. It should be very soon.

Thanks..

Mayor nothing new other than victim was released earlier and investigation is ongoing.

Good news.. No arrest?

No nothing yet. Victim is not being as cooperative as we'd like.

Unbelievable! Is the shooter back in nh?

Not certain who the shooter is at this point. Possibly not the person we originally thought. Still searching. We're hoping the victim will help us out.

Shouldn't be so hard.. You'd think they'd want to help.. Thanks for keeping me updated, prefer that to the news.

You're welcome. Enjoy your evening. I'll let you know about any progress.

Thanks you too

Mayor just an update from my earlier voicemail. Victim is still on life support. Suspects were located in Vermont at Canadian border. We're up there now. Still trying to determine what happened. They might be charged with something related to incident but not the shooting. Nothing more at this time.

Appreciate the updates.
